

RESEARCH FOUNDATION OF INDIA

Group of International Publication

Invitation for Reviewers and Editorial Board Member is solicited hereby:

The editorial review board is a key part of our Publications. Researchers and authors are invited to participate in the peer-review process of research papers/articles if your research interest matches with the manuscript. The review process is double-blinded; that is, the reviewer does not know who the manuscript author(s) is and the author(s) does not know who has reviewed the manuscript. A reviewer's comment decides the acceptance or rejection of an article so they play an important role in peer review process.

Roles: - Providing constructive review about the manuscript - Giving recommendations to make the good quality manuscript for publication - Reviewers are expected to complete their review within two weeks period or as per mutual agreement or find a competent alternate reviewer

The journal will be obliged to receive your valuable comments and suggestions for researchers. Please give your consent to be a part of editorial board and reviewer for the upcoming journal by providing the following details.

Prefix	(Dr./Mr./Ms./Mrs.)		
Name			
	Surname	Name	Middle name
Contact info	(M)	(O)	
Email Id	1.		
	2.		
Profession			
Qualification with specialization			
Institution Affiliated (with city name)			
Designation			
Postal Address			
City		Pin code	
State		Country	
Areas of interest	1.	4.	
	2.	5.	
	3.	6.	
Publications	Number of Research papers		
	Number of Books		
Total experience			
Remarks			

The completed review form should be electronically returned to **editorijerm@gmail.com**
